WORLDWIDE TRADING

MODEL
GTG1105

LAND RECLAMATION REMOTE CONTROL MOWER

RECLAIM. CLEAR. CONTROL.

Built for demanding vegetation management and land reclamation, the GTG1105 combines tracked traction and industrial wireless remote control to work safely across steep, rough and difficult-to-access terrain.

- **Yuchai 1105 Water-Cooled Diesel Engine — 18 kW / 25 HP**
- **1000 mm Cutting Width**
- **Up to 200 m Remote Control Distance**
- **4000–6000 m²/h Work Efficiency**
- **Up to 30° Working Slope**
- **5–400 mm Mowing Height**

HEAVY-DUTY CUTTING DRUM + REPLACEABLE KNIVES

SPECIFICATIONS

Model	GTG1105
Power	18KW (25HP)
Power type	Water-cooled diesel engine
Battery capacity	12v38A - 2 pieces
Startup method	Electric start
Remote control	Industrial wireless remote control
Working hours	Unlimited battery life
Purpose	Cutting grass, clearing land, breaking branches
Power generation system	24V
Work efficiency	4000 - 6000m²/h
Drive motor	Dual-motor drive 1200W
Engine brand	Yuchai 1105 engine
Monitor	Liquid crystal display

Bearings	Imported bearings
Mowing width	1000mm
Shaft rotational speed	3000r/min
Working slope	≤30°
Working height	5-400mm
Remote control distance	≤200M
Lifting method	Remote control for adjusting the hydraulic lifting mechanism
Power switch	600w
Track width	180mm High-tooth track
Blade style	Horse hoof knife, tooth knife
Machine size	L1850*W1160*H750mm
Packaging size	L2000*W1250*H850mm
Weight of wooden packaging	650kg

IDEAL APPLICATIONS

Land reclamation | Councils | Solar farms | Road verges | Utilities | Acreage
